INTRODUCTION

The City is the obligor with respect to two issues of outstanding bonds issued by the Florida Municipal Loan Council ("FMLC"): Revenue Bonds, Series 2011D (City of Hialeah Series), issued in May, 2011, and Refunding and Improvement Revenue Bonds, Series 2012A (City of Hialeah Series), issued in November, 2012. The City entered into Continuing Disclosure Agreements with respect to both issues of bonds among the underwriters of the bonds, FMLC, as the issuer of the bonds, and the City, as obligor. In the Agreements, the City covenanted to provide audited financial statements, annual reports of financial information and operating data, material events notices and notices of failure to file to FMLC, acting as dissemination agent, for submission to the MSRB through its EMMA portal. The City has provided to FMLC its Comprehensive Annual Financial Report for the Fiscal Year Ended September, 30, 2019, which has been submitted to the MSRB.

With respect to the annual report of financial information and operating data for-the Revenue Bonds, Series 2011D (City of Hialeah Series), and the Refunding and Improvement Revenue Bonds, Series 2012A (City of Hialeah Series), the City hereby submits its Annual Report of Financial Information and Operating Data for the Fiscal Year Ended September 30, 2019, that is due on or before June 30, 2020.

The City issued its Taxable Special Obligation Revenue Bonds, Series 2015A, and Special Obligation Refunding Bonds, Series 2015B (together the "Series 2015 Bonds") on December 2, 2015. The City will provide, simultaneously with this annual report of financial information and operating data, a separate annual report of financial information and operating data with respect to the Series 2015 Bonds to the MSRB.

The 2011D Bonds were issued by FMLC to make a loan to the City, as borrower, pursuant to a loan agreement for the purposes of funding certain capital improvements in and for the City, including the City's portion of the cost of a water treatment plant, to be co-owned by the City and Miami-Dade County, and paying the costs and expenses related to the issuance of the 2011D Bonds. To secure payments due under the loan agreement, the City pledged its Pledged Revenues pursuant to the provisions of Ordinance No. 2010-40 of the City enacted on June 22, 2010. Pledged Revenues mean the Gross Revenues of the City's water and sewer system after deduction of the costs of operation and maintenance of the system and credits applied in accordance with the Ordinance, all moneys, including the investments thereof, in the funds and accounts established under the Ordinance except the rebate fund, the revenue fund to the extent moneys therein are required to pay the cost of operation and maintenance of the System and the reserve account to the extent that monies therein are pledged solely to pay the debt service for the loan.

The Continuing Disclosure Agreement among the City. as obligor, FMLC, as issuer, and the underwriter of the 2011D Bonds requires that (1) historical revenues and expenditures; (2) total number of water and wastewater accounts; (3) purchased water costs; (4) costs of wastewater treatment; (5) water and wastewater rates; and (6) capital facilities fees and rates, as such terms are described in the official statement for the 2011D Bonds, be included in the annual report of financial information and operating data for each fiscal year.

Florida Municipal Council Refunding and Improvement Revenue Bonds, Series 2012A (City of Hialeah Series)

The 2012A Bonds were issued by FMLC to make a loan to the City pursuant to a loan agreement for the purposes of refunding the City's loan relating to Revenue Bonds, Series 2003, financing the cost of a road, parking lot, landscaping and drainage improvements and other capital projects of the City, and paying the costs and expenses of issuing the 2012A Bonds. Pursuant to the loan agreement, the City agreed to make payments in such amounts and at such times as shall be sufficient to pay the principal of, premium, if any, and interest on the loan to FMLC when due. The payments correlate to the debt service on the 2012D Bonds. The City also agreed to make certain other payments for the costs of issuance of the 2012A Bonds. The City, in the loan agreement, agreed to appropriate in its annual budget, by amendment, if required, and to pay when due, as promptly as money becomes available, amounts of non-ad valorem revenues of the City sufficient to satisfy the loan repayment obligations of the City. Non-ad valorem means all revenues and taxes of the City derived from any source whatsoever, other than ad valorem taxation or real and personal property, which are legally available for loan repayments.

The Continuing Disclosure Agreement among the City, as obligor, FMLC, as issuer, and the underwriter for the 2012A Bonds requires that the financial information in the official statement, specifically (1) the anti-dilution test; (2) historical non-ad valorem revenues; and (3) the breakdown of non-ad valorem revenues, be updated and included in the annual report of financial information and operating data for each fiscal year.

NOTES

- (3) Net position beginning balance, as of October 1, 2013, was restated in order to capitalized interest payments that were expensed during the construction phase of the RO Plant; and to write-off capitalized loan costs as a result of the implementation of GASB Statement No. 65 in the amounts of \$3.87 million and \$878 thousand, respectively. Specific information can be found in the City's Comprehensive Annual Financial Report for Fiscal Year Ended September 30, 2014, in Note 19, page 78. Such information is hereby incorporated by reference.
- (4) Net position beginning balance, as of October 1, 2014, was restated in order to record the opening net pension liability as a result of the implementation of GASB Statement No. 68 in the amount of \$19.7 million. Specific information can be found in the City's Comprehensive Annual Financial Report for Fiscal Year Ended September 30, 2015, in Note 19, page 84. Such information is hereby incorporated by reference.
- (5) Net position beginning balance, as of October 1, 2016, was restated in order to properly reflect capital assets and accumulated depreciation. Specific information can be found in the City's Comprehensive Annual Financial Report for Fiscal Year Ended September 30, 2017, in Note 19, page 81. Such information is hereby incorporated by reference.
- (6) Net position beginning balance, as of October 1, 2017, was restated in order to eliminate the prior year net OPEB liability and record the opening OPEB liability as a result of the implementation of GASB Statement No. 75 in the amount of \$22.5 million.

 Specific information can be found in the City's Comprehensive Annual Financial Report for Fiscal Year Ended September 30, 2018, in Note 19, page 89. Such information is hereby incorporated by reference.

Source: City of Hialeah Finance Department, derived from Comprehensive Annual Financial Report for Fiscal Years 2015 through 2019.

⁽¹⁾ Other revenue includes miscellaneous charges (reconnection and new account fees, late charges, etc.)

⁽²⁾ The Borrower attributes the increase in operating expenses in fiscal year 2012 and a subsequent decrease in operating expenses in fiscal year 2013 due to an error in the reading from one of the three meters of entry to the City from Miami Dade Water & Sewer. Consequently, there was an overcharge in fiscal year 2012 and subsequently in fiscal year 2013 a credit to the City from Miami Dade Water & Sewer of approximately \$6 Million for the error in billing.

⁽¹⁾ The Stormwater Utility Fund was converted to an Enterprise Fund in fiscal year 2012; consequently, in fiscal year 2013 it is not reflected under the category of Other Governmental Funds in the Comprehensive Annual Financial Reports for the respective years.

 $Source: City of Hialeah \ Finance \ Department, derived \ from \ Comprehensive \ Annual \ Financial \ Report \ for \ Fiscal \ Years \ 2015 \ through \ 2019.$

⁽²⁾ The Building Department was converted to a Special Revenue Fund in fiscal year 2012; consequently, in fiscal year 2013 it is not reflected under the category of the General Fund, instead it is reflected under the category of Other Governmental Funds in the Comprehensive Annual Financial Reports for the respective years.

⁽³⁾ Revenues in Other Governmental Funds are restricted and typically are not available to pay debt service on the City's Non-Ad Valorem bonds; however, the Debt Service Fund is part of the City's Other Governmental Funds and consists of the City's share of the Miami-Dade County Half-Cent Sales Tax and amounts in the Debt Service Fund are available to pay and have been used to pay debt service on the City's Non-Ad Valorem bonds.

⁽⁵⁾ New revenue categories were created as of September 30, 2018 for presentation purposes.

BANK LOANS

The City has entered into loan agreements with banks and federal and state agencies and issued promissory notes to such entities in order to evidence the repayment obligations to the lenders.

Specific information concerning the loans can be found in the City's Comprehensive Annual Financial Report for the Fiscal Year Ended September 30, 2019, in Notes to Basic Financial Statements — Note 12, beginning on page 58. Such information is hereby incorporated by reference.

CERTAIN MATTERS

1. The City failed to timely file financial information and operating data with respect to (i) the outstanding Florida Municipal Loan Council Revenue Bonds, Series 2011D (City of Hialeah Series) for which the City is the obligor for the fiscal years 2011 through 2013, respectively, that were due on June 26-27, 2012, 2013 and 2014, respectively; and (ii) the outstanding Florida Municipal Loan Council Refunding and Improvement Revenue Bonds, Series 2012A (City of Hialeah Series) for which the City is the obligor for the fiscal years 2012 and 2013 that were due on June 27, 2013 and 2014, respectively. The City did not file failure to provide notices in a timely manner for each failure. On January 14, 2015, the City filed a notice of failure to file and an Annual Report of Financial Information and Operating Data containing the information and data with the Municipal Securities Rulemaking Board for the years in which the filings were not made.

The City filed its Comprehensive Annual Financial Reports late for fiscal years 2013 (3 days) and 2014 (5 days). The City failed to timely file notices of certain rating changes due to changes in the rating of the bond insurer.

The City has adopted written policies and procedures with respect to continuing disclosure and, to provide an additional resource for investors, has updated its website to include (i) the official statements for the Series 2011D Bonds, the Series 2012A Bonds and the Series 2015 Bonds; (ii) the continuing disclosure agreements executed in connection with the issuance of the Series 2011D Bonds, the Series 2012A Bonds and the Series 2015 Bonds; and (iii) the annual reports of financial information and operating data filed with the Municipal Securities Rulemaking Board with respect to the Series 2011D and, Series 2012A Bonds and the Series 2015 Bonds.

2. In 2013, the City Council adopted Resolution 2013-129 approving a transfer of assets between its general fund and its water and sewer fund as part of its efforts to privatize the collection of residential waste. On June 9, 2015, the Council approved an amended resolution authorizing an interfund loan from the water and sewer fund of the Public Works Department to the solid waste fund of the Public Works Department. Reference is hereby made to Note 9 in the City's Comprehensive Annual Financial Report for the Fiscal Year Ended September 30, 2019, and such information is hereby incorporated herein by reference.

3. The Petition for Declaratory Judgment against the City filed by the Hialeah Association of Fire Fighters, Local 1102, International Association of Fire Fighters, as Plaintiffs and previously reported under this Note 14 in the City's Comprehensive Annual Financial Report for Fiscal Year 2018, was dismissed without prejudice by the Plaintiffs on March 6, 2020.

The City has been sued by the Trustees of the Board of a union-sponsored health plan that enrolls City retirees, among others, and individual retirees. The City Code provides that the City will pay the cost of health insurance coverage for City retirees under certain conditions and limitations. The Plaintiffs contend that the City has underpaid. The suit seeks back payments and an adjustment going forward. The case is in discovery phase. The City intends to explore the possibility of a counterclaim and to seek summary judgement on Plaintiffs' claim. The claim is still undefined and the case has not advanced. The City intends to vigorously defend this case.

On December 4, 2014, the City received a notice of claim for compensation pursuant to the Bert J. Harris, Jr., Private Property Rights Protection Act (the "Harris Act"), alleging that the City's failure to designate a zoning classification for the property in question and its denial of the landowners vested right in continuing heavy industrial uses on the property have inordinately burdened the property reducing its fair market value in an estimated amount of \$5.7 million based on the initial appraisal submitted by the claimant as required by the Harris Act. Since annexation, the City adopted a comprehensive land use plan for the area allowing for less intense, light industrial uses. The Harris Act requires the notice and a 6-month settlement period preceding the filing of an action. The 6-month settlement period has expired, and the parties have failed to reach settlement. A complaint in the State Circuit Court for Miami-Dade County was filed on October 4, 2019 and amended on January 9, 2020. The City's position is that Plaintiff cannot establish a legal right to the uses claimed such that any action the City may have taken impinged upon the Plaintiff's right those uses or impaired the property's value. The City has moved to dismiss the amended complaint and a hearing is pending. The City intends to vigorously defend this case.

In October 2005, the City was impacted by Hurricane Wilma. The City sought federal funds assistance to pay for expenditures associated with debris removal, emergency protective measures and restoration efforts as a result of the damage caused by the hurricane in the approximate amount of \$11.2 million. In August 2009, the U.S. Office of Inspector General began an audit of the costs claimed by the City to be related to Wilma to determine whether federal funds had been accounted for and expended according to federal regulations and The audit was completed and the results reported to the Regional FEMA Administrator in June 2010. The auditor recommended disallowing approximately \$2.5 million. FEMA concurred with the findings and notified the Florida Division of Emergency Management of its determination on June 22, 2012. In turn, the State of Florida notified the City in July 2012. The City has filed five separate appeals to the determination by FEMA. FEMA has not made a final determination on any of the City's appeals. Notwithstanding, because of FEMA's immediate withdrawal policy, the Florida Division of Emergency Management has requested that the City pay the amount of overpayment of \$2,667,958.48. The City has not made any payments to the State on this account and has not entered into a repayment plan pending the determination of the City's appeals.

The City has also been notified of the disallowance of \$110,106.70 in claims submitted for reimbursement by the Florida Division of Emergency Management related to debris removal and restoration activities attributed to the impact of Hurricane Katrina in August 2005. The City has not made any payments to the State on this account and has not entered into a repayment plan.

This Annual Report of Financial Information and Operating Data for the Fiscal Year Ended September 30, 2019 is submitted pursuant to continuing disclosure agreements executed by the City, as obligor, in connection with the issuance of the Series 2011D Bonds and the Series 2012A Bonds.
